

# Drop In Nursery

Our nursery staff is here to watch your children while you enjoy the facilities in the club. Caring staff will make your child feel at home and we hope you will as well.

## Nursery Guidelines:

- Children ages 6 weeks old and up are allowed to use the nursery.
- Please fill out the information form upon your first visit.
- Please label all items brought into the nursery. We would hate to see your child lose a cherished item.
- Your child should be freshly diapered and well rested.
- Please feed your child prior to arriving. We do not allow any food or drinks in the nursery. Children may bring water bottles.
- Please be thoughtful using the nursery and do not bring children in with colds, flu or stomach viruses, as they are highly contagious. We reserve the right to refuse service if illness is suspected. Thank you for being respectful of keeping our children's environments as healthy as possible.
- There is a two-hour limit per visit.
- Our sign in procedure is done in the computer, so please make sure you enter, your full name, child's name and age, where you will be and how you prefer to pay.
- Nursery cost is \$3.00 per hour. Coupon book—10 one-hour coupons (computerized) are available for purchase in the nursery for \$27.50. There is a discount built into nursery coupon packages.
- Our nursery staff has been trained in American Red Cross CPR/AED.
- The staff determines the number of children allowed in the nursery with your child's well being in mind. We do limit the number of infants to 4.

Your children are important to us. Please feel free to discuss any concerns you may have with our dedicated staff or the Children's Program Director.
