SPX Swim Academy - Group Lessons Summer Sessions 2025

The Swim Academy offers a complete swimming curriculum, from teaching your child to be safe in the water to refining skills in preparation for Competitive Swimming. Our priority is safety with quality all while facilitating a lifetime of fitness in the water.

Class placement is determined by ability demonstrated during an assessment with a Trained Swim Academy Instructor.

- There will be no individual make-up classes during the summer session. Only rescheduled days due to weather determined by the Aquatics Director.

Sessions	Dates	Member Fees	Non-Member Fees
Weekdays (4 Classes per week)	8 Single weeks (starting 6/30)	\$118.00 (per week)	\$150.00 (per week)
Weekends (8 Classes)	7/5-8/24	\$220.00	\$290.00

SPX Swim Academy Level Descriptions

Water Babies: Ages: 6 months - 2.5 years old

A half-hour of fun for parents and toddlers. Instruction will be given on appropriate holds, safety skills and methods of helping your child become more water friendly using songs, games, and toys. Flotation aids will be supplied.

Exit requirement: Comfortable being arms distance from parent with instructor, able to get face splashed with comfort and attempt assisted submersion, follow simple 2 step instructions.

Water Explorers: Ages: 2.5-4 years old

In this level, children will learn balance and comfort through arm and leg motor skills using flotation aids and assistance from the instructor without the parent in the water.

Exit requirement: Swim five yards on front and back with 3 pack flotation and assistance. Blow bubbles, jump into water with assistance, enter and exit the water safely.

Water Explorers w/parent: Ages: 2.5-4 years old

Our goal is to increase comfort level and reinforce age appropriate safety skills. Children will learn how to enter and exit the water safely, blow bubbles, and how to use arm and leg motor skills in the water. Parent must be in the water with the child. Flotation aids will be supplied.

Exit requirement: Comfortable swimming from instructor to parent with flotation aid, submerge face, Must be able to follow 2-steps instructions.

Primary Explorers 1: Ages 3-5 years old

In this level, children will continue to build comfort in the water with less assistance from the instructor and more emphasis on the child's ability to progressively swim with less flotation.

Exit requirements: Reduce flotation aid to 2 pack. Swim 5 yards on front with face submerged and back without assistance. Float on front and back unassisted. Jump with full submersion without assistance, turn, and exit water safely.

Primary Explorers 2: Ages 3-5 years old

In this level, children will continue to build comfort in the water with minor assistance from the instructor and more emphasis on the child's ability to progressively swim with no flotation.

Exit requirement: Swim 10 yards front and back without flotation confidently. Float on front and back unassisted, fully submerge face, jump without assistance, enter and exit the water safely.

Primary Explorers 3: Ages 4-6 years old

In this level, children will learn the foundation of over-the-water arm motions with streamlined kicking at the surface. Introduction to deep water and continued emphasis on swimming independently.

Exit requirement: Swim 10 yards over-the-water arm motion and streamlined flutter kick demonstrated on front and back. Successfully jump in, surface and return to the wall of entry.

***** 6 years old and up *****

Stroke Readiness 1

In this level, children will learn balance and comfort through arm and leg motor skills using flotation aids and assistance from the instructor. Consistent emphasis is to foster the child's ability to swim with less flotation while blowing bubbles and face submerged.

Exit requirements: Reduce flotation aid to 2 pack. Swim 10 yards on front with face submerged and back without assistance. Float on front and back unassisted. Jump with full submersion without assistance, turn, and exit water safely.

Stroke Readiness 2

In this level, children will continue to build comfort in the water with minor assistance from the instructor and more emphasis on the child's ability to progressively swim with no flotation.

Exit requirement: Swim 10 yards front and back without flotation confidently. Float on front and back unassisted, fully submerge face, jump without assistance, enter and exit the water safely.

Stroke Develepment 1

In this level, children will learn the foundation of over-the-water arm motions with streamlined kicking at the surface. Introduction to deep water and continued emphasis on swimming independently. Kneeling dives introduced.

Exit requirement: Swim 15 yards over-the-water arm motion and streamlined flutter kick demonstrated on front and back. Successfully jump in, surface and return to the wall of entry.

Stroke Development 2 (previously PE4)

Promoted PE3 swimmers enroll here

In this level, children will continue to strengthen the streamlined flutter kick. Front and back over-the-water arm motions begin to show repetition consistently with appropriate breathing. Introduction to the dolphin kick, fins, standing dives and jumping from diving blocks.

Exit requirements: Swim 15 yards, demonstrating coordinated rhythmic breathing with over-the-water arm motion and backstroke. Streamline gliding and kneeling dives demonstrated in good form.

Stroke Development 3

In this level, while building on previous skills, children are introduced to the butterfly arm motion, breaststroke kick, and circle swimming. Introduced to diving blocks and diving to the bottom of the deep end.

Exit requirements: Swim 25 yards freestyle and backstroke. Dolphin kick motion and standing dives demonstrated in good form.

Next Step after Stroke Development 3 is Jr. Swim Club

*****ALL NEW/RETURNING Swimmers must be assessed prior to registration*****
